PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in Full Stack Development, Web Technologies, Database Management, and IoT applications. Skilled in Java, Python, JavaScript, React.js, Node.js, Angular, MongoDB, and SQL, with experience in developing web applications, RESTful APIs, and database-driven solutions.

EXPERIENCE

Full Stack Developer Intern

Feb 2025 – Aug 2026

Maharashtra Remote Sensing Application Centre (MRSAC), Nagpur

- Developed full-stack web applications using React.js, Node.js, and Express.js with RESTful API integration.
- Managed SQL/NoSQL databases to store, retrieve, and manipulate application data efficiently.
- Collaborated with development teams to improve application functionality and performance.

ACADEMIC PROJECTS

Land Repository System

Python | MongoDB | Angular

- Developed a land records management platform for storing property details and geographical locations.
- Integrated Google Maps to visualize lands and plots through interactive map markers.

AgriSense

Python | AI/ML | MongoDB | Java

- Developed a smart agriculture monitoring system for soil moisture, temperature, and environmental conditions.
- Collected and analyzed agricultural data to support crop monitoring and management decisions.

IoT Medicine Reminder Pill Box

Java | Kotlin | APIs | IoT

- Collaborated in a team of five to develop an IoT-based medicine reminder system.
- Implemented timely medicine reminders using buzzer-based alert mechanisms for healthcare assistance.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Priyadarshini J. L. College of Engineering, Nagpur

August 2022 – May 2026

CGPA: 9.25

Maharashtra Higher Secondary Education

Jingle Bells school and Junior College, Nagpur

July 2020 – May 2022

Percentage: 69.17%

TECHNICAL SKILLS

Programming Languages C, C++, Java, Python, JavaScript

Web Technologies HTML, CSS, Angular.js, Node.js

Databases SQL, MongoDB

Frameworks & Tools React.js, Express.js

Domains Full Stack Development, Web Development, Database Management, IoT Applications

CERTIFICATIONS & ACHIEVEMENTS

- Paper Presentation, EAMSI 2026.** Presented a research paper titled "Medicine Reminder Pill Box" at the EAMSI 2026. Designed a system to help patients manage medication schedules effectively.
- AWS Solutions Architecture Job Simulation – Forage (Jan 2026)** Completed hands-on job simulation focused on AWS Solutions Architecture. Designed a simple, scalable cloud hosting architecture for real-world use cases
